Any way you look at it, Buick's the buy of the year, hands down. For Buick prices start close to the lowest -just a few dollars above those of the "low-price three." But those few more dollars you pay for a Buick buy you a lot more power, room, comfort, style, ride steadiness. And get this: with our tremendous sales volume right now, we can offer you a really top allowance on your present car. That's the added bonus you get from our big volume.

Buy Fight now

It's the "High Resale" car for year: from now

No Wonder-Buick Sales are Soaring!

It's just common sense. With Buick's year-ahead beauty today, you'll be driving a car that's right up front in the style parade of tomorrow. And when you're ready to resell your Buick, it will still be fresh and new-looking, with the modern features the others will adopt in the coming years. And that means you'r bound to get a higher resale price when you do trade it in. Drop in and see this beautiful buy right now—and see for yourself that you make the buy of the year in this tomorrow-styled beauty called Buick.

HAT HENRY CLAY didn't know about politicking you could put on the tail of a coonskin cap. He knew well how to win folks over to his camp and he won them over best when they could partake of some of his famous Kentucky hospitality. This included a special punch he conjured up himself, which went as follows:

Daniel Webster Said It First

OLD DANIEL WEBSTER thought quicker and spoke up louder and clearer than most of the other talking men of his day, so he got to be the first one to say a lot of famous things. For instance, he was first to say: "Liberty and Union, now and forever, one and inseparable.' He also was the first famous American to call James Crow's bourbon "the finest in the world" and all the other prominent citizens who were thinking just that kicked themselves real hard for not saying it before Mr. Webster did.

The Moon and Time for Good Whiskey-Making

And rowr whicher will backs post lähe it oastkany," Of course, if there was a spell of cloudy weather that hid the moon's first quarter nowhiskey got made that month. Which was probably a good thing, because most distillations

in those days were fit to fill neither cup nor watering trough. To all of this moon-made uncertainty, James Crow put an end in 1835 when he brought pure science to the art of whiskey-making, and established Kentucky whiskey as the finest
